

Execution

- 1) Deployment of latest technology
- 2) 48 Mtrs long leaching for protein reduction to extractable safe limits of 150 micro gram per Gram for Powdered Gloves and 20 micro gram per gram for Powder free gloves.
- 3) Use of Indirect heating system for Zero carbon contamination.
- 4) Use of Stainless steel ovens for Zero rust contamination.
- 5) 100% Automation at stripping for Zero contamination from human interface.
- 6) Single and Double Chlorination.
- 7) Our Powder free gloves always conform to residual powder content of below 2 milligram per glove.
- 8) Exclusive overturn facility.
